GTU at a Glance

With a vision of imparting a quality education with global standards in the fields of Engineering, Management, Pharmacy, Computer Application and Architecture to the youth of Gujarat, India and entire world, Shri Narendra Modi, Hon. Prime Minister of India laid the foundation of GTU in 2007 when he was leading the state of Gujarat as a Chief Minister. The seed planted by Shri Narendra Modi before 16 years has now grown up as a widespread tree catering 2,25,000+ students, 14,000 faculties and more than 410 colleges providing its fruits in the form of enlightened, skilled and socially responsible youth with the knowledge of emerging technologies, excellence in professionalism, global competitiveness as well as essence of innovation and entrepreneurial attitude.

Vision & Mission

Vision:

- To be a global university for the creation and dissemination of knowledge and Innovation in Science & Technology, Humanities and Multidisciplinary domains for sustainable development and enrichment of human life.

Mission:

-  To develop centres of academic excellence at university premises and at affiliated colleges in domains of science, engineering, technology, management, and environment for imparting comprehensive education, training, and research infrastructure as per the nation requirements.
-  To build resources, facilities, proficiencies and other related infrastructure of global standard for the development of knowledge, skills, and competencies in the various educational domains.
-  To develop research-oriented pedagogy for flourishing ideas and to nurture innovators, entrepreneurs and professionals of tomorrow
-  To build and enhance collaborations with other academic, research, industry, and government organizations as well as NGOs across the globe so that education, training and research at university and its affiliated colleges become aligned with national and global level requirements.
-  To encourage multidisciplinary research and develop flexible learning ecosystem.

GTU Innovation Council (GIC)

The GTU Innovation Council was established on 2nd August 2010 with the objective of fostering strong connections between industries, entrepreneurs, faculty, and students at the university. The aim is to engage in research and development that aligns with the needs of industries at both the national and international levels. This initiative cultivates a culture of design and innovation, contributing to the enhancement of new product development.

To further bolster the spirit of innovation, GTU has attained recognition as a National and State Incubator, securing various grants from notable institutions and government bodies. These grants include funding from Atal Innovation Mission, DST (Govt of India), Ministry of Education, Education Department (Govt of Gujarat), Startup India Seed Fund Schemes, Startup Gujarat grant, and AICTE-funded Idealab etc.
