Acropolis Institute of Pharmaceutical Education and Research

(AICTE - CII Platinum Ranked Institute, 5 Star Rating in IIC 2.0, Active SWAYAM NPTEL Local Chapter, MGNCRE Recognized SES REC Institution)

Committed to Excel in Pharmacy Education, Research and Innovation • • •

GROUP CHAIRMAN'S MESSAGE

Education is a social process. Education is growth. Education is not preparation for life, but education is life itself.

"In this era of globalization, the utmost urge is pace. Absolute knowledge of management and corporate wisdom is indeed the most effective phenomenon for development, which requires actual capitalization of knowledge for taking decisions in time. The ethos of Indian culture and the pedagogy of enlightening wisdom belong to certain directive approaches which require zeal to create an ideal professional who can contribute to the society in totality. We, at Acropolis, are developing such professionals who will serve the society and work towards its development and towards environmental support, with an attitude of creating surplus in the field of education. I take this opportunity to emphasize that Acropolis will surely contribute in the development of such professionals who will carry the flag of the nation at the world's highest Aero."

Ashish Sojatia, Group Chairman

"Opportunities don't happen.
You create them." - Chris Grosser

Welcome to Acropolis Institute of Pharmaceutical Education and Research (AIPER) Indore. We at AIPER are driven not just to deliver excellent education, but also to develop competent, self-assured, and skillful professionals. Our goal is to be the top pharmacy professional training and research institute that provides highquality education while focusing on the overall personality development of its students. Our quality policy is to uphold the highest standards in education, extension, and research in order to create a sensible student community by imparting knowledge, instilling skills, right attitude, and thus contribute to the creation of a sensitive and responsive society that endorse ethical and moral values, thinks logically and rationally, and prospers in peace. Our objective is to turn an aspiring student into a confident professional and a responsible citizen. We believe students learn best when they relate learning material to meaningful experience and practicality. We at AIPER are pre-equipped with excellent infrastructure, innovative methods of teaching and learning, cutting edge educational facility and well experienced and dedicated faculties to inculcate the knowledge and professionalism

Dr. G.N.Darwhekar, Principal

ABOUT AIPER

Acropolis Institute of Pharmaceutical Education & Research (AIPER), Indore established in the year 2008 under the aegis of Teach for India Education and Research Samiti. AIPER is one of the premier educational institutions in the field of Pharmacy for the students of D. Pharm, B. Pharm and M. Pharm in Central India.

AIPER is equipped with excellent infrastructure, innovative methods of teaching and learning, well experienced and dedicated faculties to instill the knowledge and professionalism. The environment at the institute inspires the students to recognize and explore their own potential and to build up their career with confidence. AIPER is committed to develop the professionals to serve the society & the nation.

- ◆ To envisage future challenges in the field of education at global level and imbibe in students leadership qualities and professional skills for meeting the future challenges with panache.
- ◆ To create special avenues for students to pursue their academic aspirations and inculcate research culture to transform India from a developing to a developed country, through quality technical education.
- ◆ The institute strives to produce youthful nation builders.
- ◆ A generation with high skills, aptitude, proficiency, knowledge, expertise and wisdom for better productivity and economic upliftment of the nation.

Acropolis institute envisions emerging as a premier centre for achieving excellence in education, by leveraging leading-edge technologies and fostering an understanding of the intellectual and human values, to improve the health of all members of society through the promotion of safe, effective and rational use of medicine, patient counselling and monitoring, the disease management through proper pharmaceutical education and care for creating a world of happiness and contentment

PROGRAM EDUCATIONAL OBJECTIVES

- Graduates will be having a profound knowledge and will be able to demonstrate their technical expertise in different fields of Pharmaceutical Sciences.
- ◆ Graduates will be able to inculcate the ethical and social attitude by adapting constantly changing healthcare needs and thus contributing to the development of new products and solutions.
- Graduates will be able to demonstrate behavioural competencies required for commitment in team work for the development of natural and synthetic drugs used in healthcare system.
- Graduates will be able to utilize their professional proficiency for research and innovations in the field of pharmacy

Career Development Cell – AIPER

CDC Acropolis operates and functions as central body in Placement, Entrepreneurship and Career development function with team of dynamic experts as heads under visionary guidance of **Group Director CDC Prof Atul Bharat**. The main emphasis of the Career Development Cell is to define and implement processes for career development, career awareness, career exploration, career preparation, and industry exposure. Our purpose is to expose the students to options that best fit their individual career needs.

Campus Placement Cell

The Placement Cell plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the college by reputed firms and industrial establishments. The Placement Cell operates under leadership of Mr. Rajesh Tyagi Head Campus Placements with a young and dynamic team of Managers round the year to facilitate contacts between companies and graduates. We have been successful in maintaining our high placement statistics over the years.

Training & Development Cell

The students are trained to attain placement through a variety of programmes run by the Training Cell such as:

- Industry to Institute Programmes
- Aptitude Training Programmes
- Technical training programmes
- Language learning.
- Soft skill Training and assessment
- Public Sector / Competitive exams

It works in close collaboration with Life Sciences Sector Skill development Council, Skill India, NSDC.

Industry Institute Partnership Cell

IIPC thrust area is Industry Interaction an initiative and a platform to promote and coordinate research and development by students through student-industry interaction. The initiative functions under Mr Mahesh Mehta Head Training & Industry Interface

Entrepreneurship Development Cell

To promote streak of entrepreneurship among pharmacy, management & engineering graduates and to help the future entrepreneurs in enhancing their knowledge and skills, Centre for Entrepreneurship was established SINCE 2008.

Facebook

Instagram

LinkedIn

Twitter

YouTube

Entrepreneurship Development Cell is student driven and faculty guided body at Acropolis group by Ms Vandana Sharma Manager EDC and Prof Vikas Jain Faculty leader Entrepreneurship development Cell AIPER with team of dedicated entrepreneurial mindset professionals and faculties.

Entrepreneurship Development Cell Objectives

In consonance with the above, Cell has the following goals:

- To disseminate knowledge and insights in entrepreneurial theory and practice by workshops.
- To create a strong network of successful entrepreneurs as mentors for student startups.
- Innovation/incubation and Starting student Campus Companies It works in close collaboration with DST (Department of Science and Technology, GOI), MIC, AICTE, MHRD, EDI, CII, NEN, MoE etc.

Entrepreneurship Development Cell-Clubs

There are various clubs functions under e-cell as central body for development and enhancement of skill set required for being entrepreneurial in career path ahead.

AIPER TALENT SPEAK

Chetna Doble
Production officer
Sun Pharmaceuticals limited, Dewas

Looking back, I can certainly say that AIPER was the milestone in shaping my career. The college provided a supportive environment, best in class faculties, hands on experience from various training programs (IPCA laboratories, Apple hospital etc). Along with academics, focus is also given on overall personality development (CDC classes) which helped me to inculcate professionalism and build a better career.

Harsh SalujaBusiness Executive
Systopic Laboratories, Indore Headquaters

From the very beginning, the institute and especially the amazing faculties have been successful in engraving us the sense of responsibility, curiosity and the fire to go beyond our capacity. The seeds of where I am today have been planted there and I am grateful for that. The future of students is in great hands and they are on the right path to become successful leaders in which ever field they want to go.

Ritika Choudhary
Trainee
Cipla

AIPER has been a special part of my life. This institute has played a great role in the development of my educational skills. The adorable things about the institute is its infrastructure, faculties and the protective approaches of the management and Principal Sir Dr.G.N. Darwhaker that makes AIPER the best place for professional growth in Pharmacy.

Laveena PurohitPharmaceutical Market Research Associate
Mordor Intelligence

Acropolis Institute of Pharmaceutical Education and Research has played a significant role in making me achieve my professional and personal competencies. It has given me numerous platforms to acuminate my skill sets and reach where I'm today. I truly want to thank each and every faculty who have contributed and shared their immense knowledge and me reach my desired endeavours.

Krishna Vishwakarma

Associate Trainee Mylan Laboratories

I can't explain in words what I achieved from the institute.

Acropolis is the place where I got Best teachers who taught and guided me with their knowledge & supported me to achieve my g o a l s . E d u c a t i o n , Encouragement and Guideline with support of Faculty is in the Air of this Institute.

THANKS Acropolis...
THANKS My Faculty ...

Pradyuman Yadav Quality Control Officer Lupin Pharmaceutical Limited

College Life is that part of your life that you are going to relive in your memories till you breathe. When I joined Acropolis College for B Pharm, it was a completely new experience for me. It was not known when this 4 years had passed. The faculty here pays special attention to each student and various types of events are also organized for the all-round development. I am very lucky to have the privilege of doing pharmacy at the Acropolis College.

ALUMNI CORNER

More than 800 alumni of AIPER are well placed and serving in leading diverse organizations in India and abroad.

COVID-19 Heroes

Alumni played an important role in the management and prevention of COVID 19. They were involved in manufacturing and production of life saving drugs, hand sanitizers to fight COVID. They were part of rapid response team for screening of people for COVID-19. As Hospital Pharmacist involved in dispensing of drugs. As a part of social responsibility carried food drives, distributed mask, hand sanitizers etc.
